

EIT RawMaterials Hub – Regional Center Greece, is extending an invitation to **Young Raw Materials Professionals**, graduates from RM focused University Schools from Greece and abroad in the period 2010-2018, to attend a two-day Workshop/Short course, in Athens, on the 17th and 18th of October 2019.

The Workshop aims to expose young Greek engineers, and scientists to the many facets of entrepreneurial innovation and prospect of the Raw Materials Development Ecosystem, featuring business development and innovation experts from the local and EIT RM Community, Industry representatives and entrepreneurs in various stages of a startup lifecycle. The ultimate goal of this activity is to offer a preview to entrepreneurial thinking and behaviour, business and innovation processes, high-tech ventures marketing and business model generation techniques, by combining the technical expertise with innovation and entrepreneurship experience.

The workshop is funded by EIT Raw Materials and offered free of cost but with a restriction in the number of attendees, estimated to 20 participants. Eligibility criteria will be applied for the selection of applicants including:

- University degree and post graduate studies in the scientific area of Raw Materials
- Year of degree acquisition, GPA, and Ranking of the graduate
- Professional experience
- Relevant Academic activities, e.g. participation in conferences, publication of scientific articles
- Letter of Intent
- Excellent English language skills
